Terms & Conditions

1. Scope of Work

Nexoraa Studio ("the Studio") will deliver only the scope listed in the Milestone Breakdown. Any additional feature, module or change outside that scope will be quoted and agreed in writing before work begins.

2. Payment

Fees are milestone-based and payable by bank transfer or UPI to the account shown on page 1. The next phase starts only after the previous milestone payment is cleared. Payments for completed work are non-refundable. Applicable taxes, if any, are extra.

3. Timelines & Client Responsibilities

Timelines depend on timely feedback, data, approvals and access from the client. Delays on the client's side may extend delivery dates accordingly.

4. Hosting & Third-Party Services

Server, domain and other third-party charges are borne by the client as per actuals. The Studio is not liable for outages, changes or failures of third-party services.

5. Intellectual Property

On receipt of full payment, the client receives ownership of the custom ERP built for its business and its data. The Studio retains rights to its pre-existing tools, code libraries, frameworks and know-how, and may reuse general, non-confidential learnings.

6. Support & Warranty

30 days of free support and bug-fixing are provided after final handover, limited to defects in the delivered scope. New features, misuse, unauthorised modifications and third-party issues are not covered.

7. Confidentiality

Both parties will keep confidential all non-public business, technical and production information shared during the project, and use it only for the purpose of this engagement.

8. Limitation of Liability

The Studio's total liability under this engagement is limited to the fees paid by the client. The Studio is not liable for indirect, incidental or consequential loss, including loss of profit, production or data due to causes beyond its control.

9. Termination

Either party may terminate with written notice. The client will pay for all work completed up to the date of termination, and the Studio will hand over the work completed and paid for.

10. Governing Law

These terms are governed by the laws of India. Disputes will first be resolved by mutual discussion, failing which the courts in Gujarat, India will have jurisdiction.

Privacy Policy

1. Information We Collect

Business contact details of client representatives, production and ERP data entered by the client's team (such as products, customers, job cards and reports), and basic technical or usage logs of the hosted system.

2. How We Use It

Only to build, host, support and improve the ERP for the client, to communicate about the project, to provide user access and to keep the system secure.

3. Sharing of Data

We do not sell or rent your data. It is shared only with hosting and infrastructure providers needed to run the system, or when required by law.

4. Security

We use reasonable safeguards including role-based access and controlled server access. No system is completely risk-free, and the client is responsible for keeping its login credentials safe.

5. Retention & Deletion

Client data is kept for the duration of the engagement and support period. After handover or termination, it will be returned or deleted on the client's written request, subject to applicable law.

6. Your Rights

The client may request access to, correction of, or deletion of its data at any time. We handle personal data in line with applicable Indian law, including the Information Technology Act, 2000 and the Digital Personal Data Protection Act, 2023.
